

Specifications

- NCHRP 14-43
 - Construction Guide Specs for CIR and CCPR
 - Mix design
 - see AASHTO M 352, R 117, MP 38, PP 94
- Wirtgen Cold Recycling Manual; ARRA Basic Asphalt Recycling Manual (BARM)

Takeaways

CCPR - a proven method for pavement rehabilitation

- Time, cost, and environmental savings
- Applicable to all traffic levels
- Many great examples of specs available nationally from which to borrow

We bring innovation to transportation.

Thank you!
